TO: 2008/2009 Franklin Central High School Band Members and Parents

Dear Student / Parent:

Let us be the first to welcome you to the Franklin Central High School Band Program

Another exciting school year is behind us, and a new one full of incredible potential is in front us. While we take this summer to rest and recharge, we will also begin our marching band program in order to insure a successful fall season. We accomplished much last year including the addition of our new band semi. All ensembles received gold ratings, our color guard/winter guard program expanded and we added many additional staff members.

Enclosed you will find several forms.

The following forms are due the first day of summer band (June 9):

1. Information form
2. Commitment form
3. Health form
4. Permission to travel form

Other forms are included for your information:

1. Band booster officer contact info
2. Band fee information
3. Summer band calendar
4. Performance schedule for school Y year (as of 5/21 and this will change)

Other forms for items such as t-shirts, window decals and yard signs are included with due dates.

In order to put a band of our size on the field, we will need lots of parent help. Please list areas where you can be of assistance on information form.

Communication is very important to us. We are building an email list for the upcoming school year. Be sure your email is legibly listed on information form and your in box is set to allow emails from me!

Please note the following, during multiple practice days (2 and 3 a day), students can stay at school but must stay in band room. During the first week of June practices, students can bring their dinner and stay in band room between the afternoon and evening rehearsal.

You probably have many questions. Please email me and I will answer as quickly as possible.

Sincerely,

Daniel P. Fyffe,
Director of Band Programs

Sarah Dunblazier,
Assistant Director of Bands

Carrie Gentry,
Director of Color Guard
